As a taxpayer, and a free conference calling client, I ask you to please reconsider acting on WC Docket No. 18-155. My free conference calling services are currently at risk of being completely eliminated and costing me, millions of others and our businesses.

I am urging you to refrain from eliminating services that I and millions of other Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free conference calling services are left alone. In fact, they stand to gain upwards of \$80 million.

However, if the FCC does decide to remove these services, I and millions of other American citizens and American businesses will be immediately and negatively affected. We will no longer be able to use these services for free and will instead be forced to pay for conferencing services provided by the long-distance carriers if we want to reach our non-profit organizations, our families, our churches, singing calls, news calls, prayer groups, support groups, board meetings, committee meetings, startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free conference calling.

Do not take away my free conference calling services and further line the pockets of major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its rulemaking in WC Docket No. 18-155.

Signed,

WC Docket number 18-155 Regarding: Updating the intercarrier Compensation regime including conference calling services.

To Whom it may Concern:

Please keep our free conference numbers!! As a conservative Mennonite and with no TV or Radio. We depend on our conference number for ^{some} church services, private conference calls with like-minded, peace-loving individuals and as a member of a large family, we are able to stay in touch with one another, via our phones. Help us keep this privilege please!
Thank!

We would really like to keep what we have, as we find out about who died or all the other news too, also when someone is sick. We can listen to other ministers from other churches
